

JOSEFINA LACASA

PhD candidate in Agronomy
MSc in Statistics
Kansas State University

2018D Throckmorton Hall, Kansas State University, Manhattan KS 66506, USA.

Phone: +17853171121

e-mail: lacasa@ksu.edu

Github: @jlacasa

Education

PhD in Agronomy, Kansas State University (GPA 4/4), 2021-2024 (expected)

Advisor: Dr. I.A. Ciampitti (Professor, Farming Systems)

Dissertation topic: Statistical Inference and Applications of the Critical Nitrogen Dilution Curve

MSc in Statistics, Kansas State University (GPA 3.88/4), 2021-2023

Advisor: Dr. T.J. Hefley (Professor, Statistics)

Report topic: A Bayesian Approach for Estimating and Checking Block Designs in Agricultural Experiments

BS in Agronomy, University of Buenos Aires (GPA 8.89/10), 2015-2020

Advisor: Dr. M.E. Otegui (Professor, Crop physiology)

Thesis topic: Comparison of maize hybrids with contrasting relative maturity

Study Abroad program at Kansas State University (GPA 4/4), 2019

References

Professor Maria Otegui, Department of Crop Production, University of Buenos Aires.
otegui@agro.uba.ar

Research interests

Crop physiology, Agronomy, Applied Statistics, Bayesian Statistics.

Research Experience

- Graduate Research Assistant, Agronomy Department, Kansas State University, 2021-present. Topic: Advancing nitrogen nutritional status diagnoses, with an emphasis on the critical Nitrogen dilution curve.
- Graduate Research Assistant, Statistics Department, Kansas State University, 2021-present. Topic: A Bayesian Approach for estimating and checking block designs in agricultural experiments.
- Short-term intern, INRAE division of applied mathematics, Palaiseau, France, 2022. Topic: Comparing statistical frameworks to estimate the critical nitrogen dilution curve.

- Student intern, Agronomy Department, Kansas State University, 2019. Topic: yield response to plant density across the US & collaborating in field experiments with historic corn and sorghum hybrids at Manhattan, KS (USA) and Viluco (Chile).
- Research intern, Instituto de Investigaciones en Biociencias Agrícolas y Ambientales INBA (FAUBA-CONICET), 2017-2018. Topic: non-thermal plasma to enhance soybean plant quality.

Teaching Experience

- Teaching assistant in Applied Bayesian Statistics and Prediction (STAT 768), Kansas State University, Spring 2023
- Instructor in Workshop in R programming and applied statistics, Ciampitti Lab, Kansas State University, 2021 & 2022
- Teaching assistant in Crop Science (AGRON 220), Kansas State University, Fall 2021
- Teaching assistant in Crop Production, University of Buenos Aires, 2018-2020
- Teaching assistant in Applied Biochemistry, University of Buenos Aires, 2017-2018

Honors and Scholarships

- 3rd place Research Oral competition, Conference on Applied Statistics in Agriculture and Natural Resources, West Lafayette, IN, 2023
- StanCon 2023 scholarship, 2023
- K-State Dean and Director's Citation for Outstanding Undergraduate Teaching, 2023
- Kansas Corn Next Generation Scholarship, 2023
- Gerald O. Mott Award Recipient for meritorious students in crop science, CSSA, 2023
- Dr. Neal F. and Florence E. Morehouse Agronomy Research and Scholarship Program, 2022, 2021
- 1st place Agroclimatology and Agronomic Modeling Student Poster Competition at 2022, ASA-CSSA-SSSA International Annual Meeting, Baltimore, MA, 2022
- 2nd place AgDatathon, NUE workshop, Lincoln, NE, 2022
- Travel Award, Graduate Student Council, Kansas State University, 2021, 2022
- New Frontiers Scholar – Corteva Agriscience, 2021
- 2nd place in Research Oral competition, National SASES Online Meeting, 2020
- 2nd place in Research Poster competition, National SASES Meeting at San Antonio, TX, 2019
- Premio Universidad de Buenos Aires, School of Agriculture, University of Buenos Aires, 2018 & 2019 - 5th (2018) and 3rd (2019) best GPA out of all undergraduate majors

Professional Society Memberships

- Societies of Agronomy (ASA), Crop (CSSA), and Soil (SSSA) sciences, since 2019
- American Statistical Association, since 2023
- Agronomy Graduate Students' Association, since 2021
- Kansas Corn Growers Association, since 2023
- Statistics Without Borders, since 2022

Skills

- Languages: Spanish (fluent, native), English (fluent, 104 TOEFL), German (fluent, C1 Deutsches Sprachdiplom)
- Programming: R, Stan, JAGS, python

Publications

Accepted publications

1. **Lacasa J.**, Messina C., Ciampitti I., A probabilistic framework for forecasting maize crop yield response to agricultural inputs with subseasonal climate predictions. *Environmental Research Letters*.

Leadership and service activities

- Member of the organizing committee an interdisciplinary Symposium from Corteva Agriscience Plant Sciences Symposia Series, to be held October 2023
- Blood donor, American Red Cross
- Chair of the applied statistics and programming committee, Agronomy Graduate Students' Association, 2021-2022
- Student Member for the search committee for Precision Agriculture tenure-track professor position at Kansas State University, 2022.
- Volunteer at Statistics Without Borders, collaborating in a project developing an app for Canada Birds, 2022.
- Service testimony, Spiritual Retreat San Isidro, 2019.
- Member of Wheat State Agronomy Club, 2019.
- Volunteer overseeing School of Agriculture (University of Buenos Aires) student elections, 2018.
- Volunteer at El Ombu tutoring high school students in neglected neighbourhoods, 2018-2020.
- Volunteer overseeing Argentine National Elections for electoral transparency, Foro Cívico San Isidro, 2013-2017.
- Volunteer at Un Techo para mi País improving housing conditions in neglected neighbourhoods, 2017.
- Team captain, Volleyball (2006-2017), Goethe Schule

Professional development

- StanCon, St. Louis, MO, 2023
- ASA, CSSA, SSSA International Annual Meeting, all since 2019
- Workshop “Scalable Bayesian models and estimation methods for the analysis of big spatial and spatio-temporal data” (A. Finley and J. Doser). Conference on Applied Statistics in Agriculture and Natural Resources, West Lafayette, IN, 2023
- Graduate Student Leadership Conference, 2022, ASA-CSSA-SSSA International Annual Meeting, Baltimore, MA.
- Entrepreneurship bootcamp, Trama ITBA. 2018
